WHO WE ARE

The Automotive Warehouse Distributors Association (AWDA) was founded in 1947 and is the oldest organized group of warehouse distributors and their respective suppliers of parts, accessories and other supplies for the motor vehicle aftermarket. AWDA's 600+ members represent thousands of locations.

WHAT WE DO

AWDA represents the interests of traditional distribution within the Auto Care Association. Through networking, leadership opportunities and cross-channel communication, AWDA members provide policy advice, input and support to the Auto Care Association and the aftermarket industry at-large.

ABOUT THE CONFERENCE

The AWDA Conference is a two-day event that is built around a series of unique one-on-one business meetings between distributors and their vendor partners. Participants are top decision-makers with member companies: both distributors and vendors. AWDA's One-on-Ones are simply the most efficient way to conduct serious business during Industry Week.

One-on-Ones will be held on Sunday, Nov. 3 and Monday, Nov. 4 in suites located on adjacent floors of The Venetian Hotel. This venue ensures confidentiality and ease of movement between sessions, and provides an environment that is conducive to the serious nature of discussions held at these meetings.

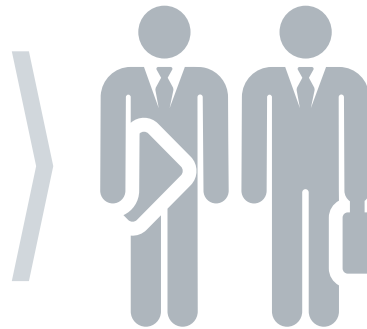

PLEASE NOTE: In order to conform to a long-standing "Industry Week" policy, AWDA vendor manufacturers and business service companies are required to reserve at least one (1) exhibit booth at AAPEX in order to participate in the AWDA One-on-One meetings.
